About us

Vivilawn™ is an original landscaping synthetic lawn series developed by DIAMOS R&D team, which established as a sub-brand by DIAMOSGRASS. It has wide color style ranges applied for different landscaping and commercial uses and is widely used by landscaping project contractors.

Our team specializes in artificial turf grass design, manufacturing, and expert solutions in sports and landscaping projects made with artificial grass since 2006.

Over the years, DIAMOS has achieved rapid growth and has been widely accepted by global market covering Americas, Australia, Europe and Asia. More than 200 sport courts all over the world was designed and built by DIAMOS team in recent years. In addition, nearly 40,000 families from different countries enjoy healthy and comfortable leisure surfaces served by our dealers and agents. DIAMOS has built her success around high quality products and professional reputation throughout the international market.

Customer satisfaction is the top guidance of DIAMOS teamwork. Our team puts a great emphasis on excellent service and continues providing high quality, U.S. designed products at competitive rates. We believe our products sell themselves by professional design and supreme quality. Meanwhile, careful project planning prepared by our teammates ensure that every detail and individual needs in each project are completed to the high levels that we have set, which bring our clients and partners full confidence in keeping long term and extensive cooperation with DIAMOS.

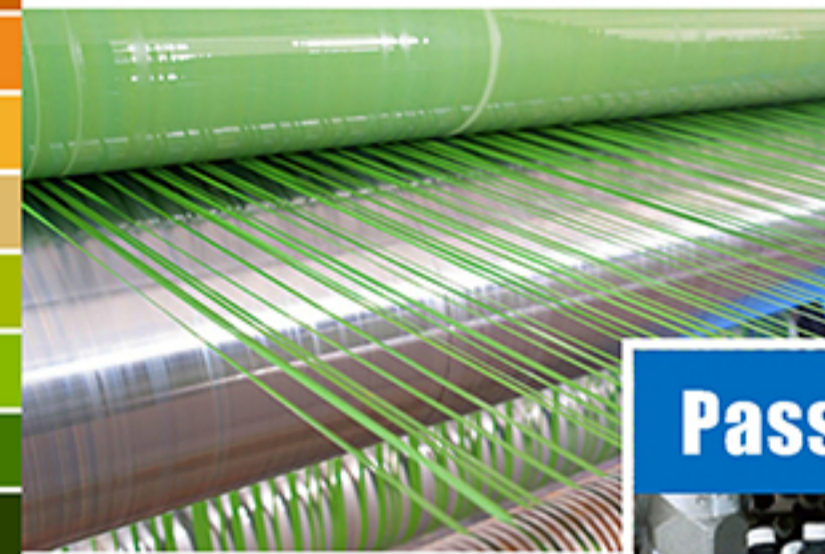

No matter yards or stadiums, no matter what size or where projects are, no matter when you need. Leave professional jobs to DIAMOS from A to Z, and take the passion sports and carefree leisure with you.

Six Advantages - Why Use Vivilawn Landscaping Grass

Vivilawn is fully U.S.-designed with chief raw materials Polyethylene (PE) and Polypropylene (PP). Nowadays Vivilawn widely covers all applications available as a kind of useful durable lawn carpet. No matter sports fields, commercial events, or residential areas, with Vivilawn, you will always enjoy yourself carefree leisure.

Height	20-50 mm, curled height at 40-70%	Density	7000-25000 tufts/m2
Gauge	3/8", 3/16", 5/8", 5/16", 3/4", 5/8" Zigzag	Material	100% PE, PE + PP, anti-UV
Coating	SBR/PU latex black/green	Roll width	1m, 2m, 3.8m, 4m, 4.572m
Loading	2200~3200m2/20'GP, 5000~7500m2/40'HC	Roll length	10-25m/roll or customized

★ Safe Vivilawn

Vivilawn raw material is 100% safe and has passed strictly lab RoHS testing and fire retardant testing by SGS. Vivilawn artificial turf is free of heavy metal and is skin-friendly and healthy.

★ Anti-abrasion Vivilawn

Extra thickness in yarn shape design helps the Vivilawn artificial grass keep good performance in anti-abrasion. Vivilawn has passed Lisports testing more than stimulated 20000 cycles.

★ Anti-Weathering Vivilawn

The raw material formula includes anti-ultraviolet additives, this makes Vivilawn artificial grass serve well without color fading significantly under strong sunlight.

★ Evergreen Vivilawn

Vivilawn is evergreen and highly simulated natural appearance, water-saving, and environment-friendly. It eliminates the hassle of weeding, watering, fertilizing, mowing, and seasonal maintenance that comes with natural grass.

★ Built-in Standing Memory

Vivilawn is easy maintenance by its built-in standing memory design in grass yarn filament. The grass fiber can keep standing up by itself without brushing the lawn with tools.

All material of Vivilawn can be recycled and it is eco-friendly. With a 6-8 years service life, Vivilawn can save a lot of water resources and prevent the soil layer from pollution caused by fertilizing.

All items can be customized in grass height and tufting density to meet user's requirements.

The recommended height is 20-30mm, density range is 15750-18900st/m².

ITEM: C25316-9G6B8

Height: 25mm

Gauge: 3/8"

Density: 16800st/m²

Color: 9G6B8 - 4 Tone Green

Backing: PP cloth + Ieno + SBR black

Warranty: 8 years

Use: Landscaping, decorative

ITEM: P20316-AL8A8

Height: 20mm

Gauge: 3/8"

Density: 16800st/m²

Color: AL8A8 - 3 Tone Green

Backing: PP cloth + Ieno + SBR black

Warranty: 8 years

Use: Landscaping, decorative

ITEM: C30315L-XG8C8

Height: 30mm

Gauge: 3/8"

Density: 15700st/m²

Color: XG8C8 - 4 Tone Green

Backing: PP cloth + Ieno + SBR black

Warranty: Life: 8 years

Use: Landscaping, decorative

ITEM: C20316L-XG8C8

Height: 20mm

Gauge: 3/8"

Density: 16800st/m²

Color: XG8C8 - 4 Tone Green

Backing: PP cloth + Ieno + SBR black

Life: 8 years

Use: Landscaping, decorative

Residential

Football Grass

★ Modular Soccer Fields

DiamosGrass specializes in manufacturing modular football artificial grass for soccer pitches and futsal courts. All you need to find out is to finalize the field length and width, and the game area size. Diamos team will offer a professional football grass design and soccer pitch construction solution.

ITEM: Regalawn P50-317

Height: 50mm
Gauge: 3/4"
Density: 8925st/m²
Yarn: Stem/Spine monofil PE
Color: 2 Tone Green
Backing: PP cloth + leno + SBR black
Warranty: 8 years
Use: Soccer, Football, Futsal

ITEM: Regalawn D50-514

Height: 50mm
Gauge: 5/8"
Density: 8820st/m²
Yarn: Diamond monofil PE
Color: 2 Tone Green
Backing: PP cloth + leno + PU coating
Life: 8 years
Use: Soccer, Football, Futsal

ITEM: Velcourt P30-318

Height: 30mm
Gauge: 3/8"
Density: 18900st/m²
Yarn: Stem monofil PE + Curly PP thatch
Color: 2 Tone Green
Backing: PP cloth + leno + SBR black
Warranty: 8 years
Use: Non-fill futsal, Half infill football

ITEM: Regalawn P60-318

Height: 60mm
Gauge: 3/4"
Density: 9450st/m²
Yarn: Stem/Spine monofil PE
Color: 2 Tone Green
Backing: PP + leno + SBR black
Warranty: 8 years
Use: 7 / 9 / 11-a-side Soccer
